	MOHS		7
	Breaking Strength	ASTM C648	502 lbf

See me ... Feel me ... Touch me.

It's been over 40 years since Roger Daltrey of The Who sang those immortal lyrics in the rock opera "Tommy". And today, a porcelain tile has been created that you truly do have to see, feel and touch to totally experience. Mediterranea proudly introduces the Touch series – a product unlike any other in the 25-year history of the world-renowned tile design and manufacturing company.

Touch features a unique and unmistakable linen texture not found in other manufactured products. Running your hands over the surface, you understand that your eyes are not deceiving you – the tile truly does have the "touch" of the world's nest textured linen. Created using Mediterranea's unique Dynamic HD Imaging® design process, Touch features classic colors and subtle design elements to make it ideal for use in any distinctive installation. Touch is available in five refined colors suited for the most elegant settings – Evening Sunset (olive), Summer Breeze (taupe), Snow Crest (white), Sun Glow (beige) and Pearl Essence (grey).

Touch is truly a series for all the senses – a tile that needs to be both seen – and touched - to be appreciated.
