With the exquisite care of an artist applying his finest brush strokes to a blank canvas, Mediterranea has created its most artistic collection yet in the ELEMENTS series.

Throughout the world, designers are seeking the perfect contemporary look for cosmopolitan and sophisticated projects. The Elements series achieves the perfect balance -- mixing an essential cement look with a color palette that offers true distinction.

Elements fuses the contemporary look of a modern cement with the refined colors embraced and sought after by today's designers and architects. This new series fully realizes the possibilities of Mediterranea's Dynamic HD Imaging™ inkjet technology -- perfectly blending colors with precision, while crafting a high-end look that is unrivaled from a design standpoint.

Elements is available in four colors -- Amber, Oyster, Bronze and Pearl -- a spectrum of choices to suit the aspiration of any designer. Elements is also available in three large-format sizes -- 12" x 24", 18" x 18" and 18" x 36" -- guaranteed to bring out the beauty in any installation.
