	Visible Abrasion Resistance	ASTM C1027	4
	Water Absorption	ASTM C373	0.10%
	Staining Resistance	ASTM C650	Class A
	Dynamic C.O.F.	BOT 3000	.52
	MOHS		7
	Breaking Strength	ASTM C648	406 lbf

There are some architectural traditions that have withstood more than the test of time — they have endured through millennia to become the wonders of the modern world. In Mediterranea’s latest porcelain tile series, the extraordinary lands and monuments of ancient Egypt are honored in GIZA - a series that draws upon thousands of years of history to deliver a unique offering to today’s designers.

In creating GIZA, Mediterranea’s design team visited historic lands in North Africa to gain inspiration for this unique concept. Stones, weathered by centuries of sandstorms and blazing heat were carefully selected and replicated to create a perfect blend of colors and patterns. The finished look is worthy of the treasures unearthed in the pyramids of the pharaohs.

Paired with GIZA is the perfect design companion — a set of 6 unique deco tiles called LUXOR. These decos are packaged separately, and can be mixed with GIZA, or installed as its own unique field tile. The graphic background randomly shifts within each tile, so any installation of LUXOR decos results in a beautiful blend of colors and patterns - reminiscent of the hieroglyphics and carvings found in the ancient land of Egypt.

GIZA is manufactured in the USA in the easy-to-install 12”x12” format, sized perfectly for these uniquely-weathered graphics. Also available are mosaic sheets and bullnose trim to complete the design package. Now you can bring the treasures of ancient Egypt into your personal decorating concept with GIZA - designed exclusively by Mediterranea.
