One of the most exclusive seaside enclaves in North America, Martha's Vineyard has long been a retreat for the rich and famous. From presidents to poets, the island getaway represents the perfect place to "get away from it all", where its glamorous residents escape to enjoy the natural beauty of the New England seashore.

Mediterranea's tile design team has worked tirelessly to create the perfect complement to these enchanting beachside cottages and classic estates dotted along the island's Atlantic shoreline.

Rectified for flawless installations, Martha's Vineyard features extensively detailed and unique wood graphics, produced in a perfect color palette with amazing realism. Mediterranea's Dynamic HD Imaging® technology is utilized to perfectly replicate the many unique features found in weathered wood planks, designed to look as if they had just washed up on the sandy seashore. Martha's Vineyard is produced in three colors - Cottage White, Bahamian Sand (Taupe), and Tobacco (Brown).

TECHNICAL SPECIFICATION TABLE			
PHYSICAL PROPERTIES		TEST	AVG. RESULTS
	Visible Abrasion Resistance	ASTM C1027	4
	Water Absorption	ASTM C373	0.10%
	Chemical Resistance	ASTM C650	Class A
	Dynamic C.O.F.	BOT 3000	0.61
	MOHS		7
	Breaking Strength	ASTM C648	475 lbf
